## MONROC

The Monroc offers sites that are operating on a smaller budget to still be able to offer their customers a variety of high quality espresso based drinks. Combined with its full stainless steel wrap and high quality components, the machine offers fantastic looks and performance way above its price point. Incorporating a large capacity copper boiler with electronic group head control you can be sure that the Monroc machine will deliver what it promises, that is, a perfectly brewed espresso or cappuccino to your guests, every day, year after year.
