

Elite machine pre-install pack

Café Elite

Thank you for selecting the Café Elite from the Crem Coffee Queen range of high quality instant machines. To ensure that your new machine will give you years of trouble free service, then please take the time to ensure that all of the requirements within this information pack are followed and that the pre-installation check list is completed and returned to us.

Café Elite has high capacity, is compact, easy to maintain and offers a variation of beverages which makes it suitable in the work environment as well as within the fast food- and hospitality environment. Press the button and within a few seconds the drink is ready!

The machine has automatic water filling, built in five litre tank, and four ingredients canisters. The illuminated front display means that the machine lends itself very well to profiling.

Features

- Automatic water filling
- Five litre water tank
- Two mixing systems
- Four ingredient canisters
- Decanter option for coffee
- Overflowing protection for drip tray
- Cup illumination
- Illuminated display with adjustable light
- Optional profiling of front display
- Coin mechanism as option
- Separate hot water outlet
