

Carat

**CARAT**  
Cappuccino, without the effort

## Beauty from any angle

With innovative design and technology Crem has created an eye-catching machine with genuine quality. Being one of the market's most energy efficient espresso machines the Carat is fully adapted to modern environmental requirements as well as the customer's interest in a clean and healthy lifestyle – enjoy a cup of pure passion.

Carat automatically learns how you use it and it adapts its energy consumption after that. In this way the machine is always ready when you need it and when you are not using it is automatically switching to energy saving mode. Good for both the environment and your wallet.
